Выполнение работы

Создала локальный сервер:

```
Built in 4126 ms  
Environment: "development"  
Serving pages from disk  
Running in Fast Render Mode. For full rebuilds on change: hugo server --disableFastRender  
Web Server is available at http://localhost:1313/ (bind address 127.0.0.1)  
Press Ctrl+C to stop
```

Разместить ссылки на научные и библиометрические ресурсы

В каталог ~/work/blog/content/admin редактировала файл _index.md (добавила ссылки):

```

A screenshot of a text editor window titled '*Lab_work2' with a file path '~\work\study\2023-2024...'. The editor contains a LaTeX Beamer document structure. The first section is the front matter, including title, subtitle, and author. The second section is generic options, including language and table of contents title. The third section is the bibliography, including the bibliography file and the citation style.
